

School Bus Safety Tips

The Central Insurance Companies are comprised of Central Mutual Insurance Company and All America Insurance Company.

Twenty three million students nationwide ride the school bus to and from school. For these students, getting on and off the bus is the greatest risk of their trip. Many accidents and injuries can be avoided by following some simple traffic safety rules. The National Highway Traffic Safety Administration (NHTSA) offers these guidelines to have a safe trip:

Drivers

- When backing out of a driveway or leaving a garage, watch out for children walking or bicycling to school.
- When driving in neighborhoods with school zones, watch out for young people who may be thinking about getting to school, but may not be thinking of getting there safely.
- Slow down. Watch for children walking in the street, especially if there are no sidewalks in the neighborhood. Watch for children playing and congregating near bus stops.
- Be alert. Children arriving late for the bus may dart into the street without looking for traffic.
- Learn and obey the school bus laws in your state. Learn the “flashing signal light system” that school bus drivers use to alert motorists of pending actions:
 - **Yellow flashing lights** indicate that the bus is preparing to stop to load or unload children. Motorists should slow down and prepare to stop their vehicles.
 - **Red flashing lights** and extended stop arms indicate that the bus has stopped and that children are getting on or off. Motorists must stop their cars and wait until the red lights stop flashing, the extended stop sign is withdrawn, and the bus begins moving before they can start driving again.

Children

- Get to the bus stop at least five minutes before the bus is scheduled to arrive.
- When the bus approaches, stand at least three giant steps (6 feet) away from the curb, and line up away from the street.
- Wait until the bus stops, the door opens, and the driver says that it's okay before stepping onto the bus.

Fulfilling the Promise Since 1876

Trusted Choice® agencies are dedicated to you and are committed to treating you as a person, not a policy. To learn more about Trusted Choice®, visit www.trustedchoice.com.

- If you have to cross the street in front of the bus, walk on the sidewalk or along the side of the road to a point at least five giant steps (10 feet) ahead of the bus before you cross. Be sure that the bus driver can see you, and you can see the bus driver.
- Use the handrails to avoid falls. When exiting the bus, be careful that clothing with drawstrings and book bags with straps don't get caught in the handrails or doors.
- Never walk behind the bus.
- Walk at least three giant steps away from the side of the bus.
- If you drop something near the bus, tell the bus driver. Never try to pick it up because the driver may not be able to see you.

Visit the [School Bus and School Zone Safety Kids Page](#) with your children for fun activities to teach them more about school bus safety.
